WASHINGTON C. H., OHIO, MONDAY, AUGUST 20, 1917

Ten Cents a Week

HALF OF SALONIKA BURNS; 80,000 ARE HOMELESS

Allied Base in Greek Macedonia Suffers Great Disaster and Most of Homeless Are Distributed Among Surrounding Towns.

FULLY ONE-FOURTH OF MONASTIR BURNS

Conflagration in Monastir Due to Bulgarian Bombardment With Civilians Under Fire.

(Associated Press Cable)
LONDON, AUGUST 20.—MORE THAN HALF OF THE WALLED CITY OF SALONIKI IN GREEK MACEDONIA, WHICH IS UNDER OCCUPATION BY THE ALLIES, WAS DESTROYED BY FIRE SATURDAY.

EIGHTY THOUSAND PEOPLE WHO WERE MADE HOMELESS WERE BEING MOVED TO NEIGHBORING VILLAGES LAST EVENING, ACCORDING TO A DISPATCH TODAY. THE FIRE IS UNDER CONTROL.

MONASTIR DAMAGED

(Associated Press Cable)
Corfu, August 20.—One quarter of the Serbian city of Monastir has been destroyed by fire caused by a Bulgarian bombardment, the Serbian Press Bureau announces. The number of victims is unknown.

The statement says on Saturday a Bulgarian bombardment of the city was more violent than ever, firing some 2,000 shells. There was no reason for the bombardment as no fighting is in progress. Women and children who fled have been collected and taken to the rear.

FEW BELIEVED DEAD

(Associated Press Cable)
Saloniki, August 20.—The commercial quarter of the city has been destroyed by fire. It is believed the number of dead is small.

STRIKE IS NEARING END

(Associated Press Cable)
Madrid, August 20.—Official news has been received from throughout Spain that tranquility reigns everywhere and the strike is expected to end today. A meeting of the cabinet has been called and martial law may be annulled.

FIRST DEATH ON AVIATION FIELD

(Associated Press Dispatch)
Dayton, O., August 20.—The first death at the Wilbur Wright Aviation

ALLIES GAIN CAPTIVES AND TERRITORY IN DRIVE WHICH WINS LANGEMARCK

The map shows the situation of Langemarck, the Belgian town captured by the British in their recent drive in Flanders, made in conjunction with the French. The photograph is a picture of some German prisoners taken in a recent British drive and shows them utterly exhausted after enduring the heavy artillery fire which preceded the infantry attack. Virtually all the accounts of statements made by German prisoners agree in the assertion that human flesh and blood could not withstand the fearful shelling of the trenches by the artillery.

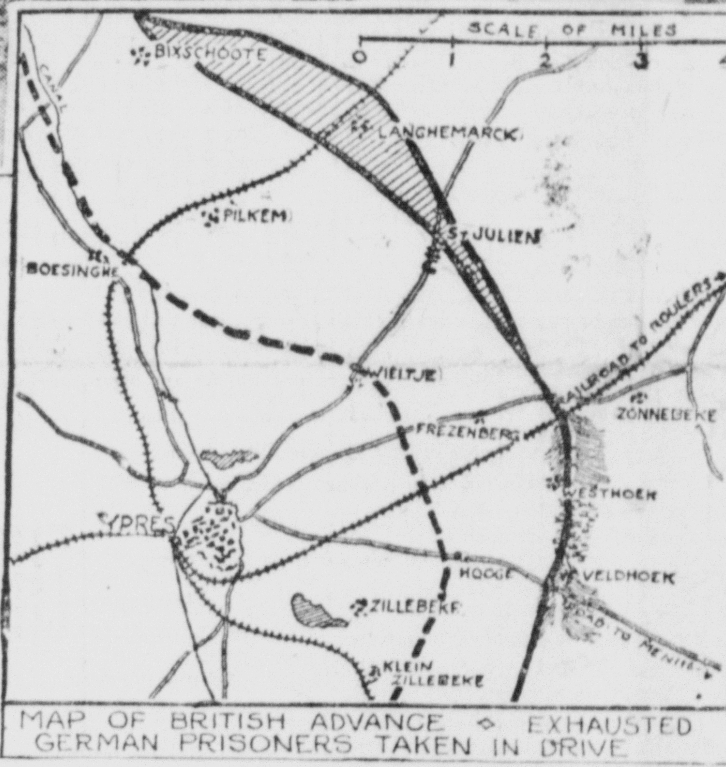

School is that of a young student aviator, R. L. Hayes, who lost his balance while watching the operation of a propeller and toppled over on the propeller. He died instantly. Hayes is said to have lived in Tacoma, Washington.

MOBILIZATION DATE CHANGED

(Associated Press Dispatch)
Washington, August 20.—Mobilization of the second increment of draft troops was today changed from September 15 to 19, and the third increment from September 30 to October 3rd. Mobilization of the first increment will be as previously announced, September 5th.

TO DEFINE EXEMPTIONS

(Associated Press Dispatch)
Washington, August 20.—A new definite statement of the administration's interpretation of married men and those with dependents is expected within a few days. President Wilson has taken up the question and probably will settle the problem himself.

FRENCH OFFENSIVE ON 11-MILE FRONT IN VERDUN REGION

Historic Meuse River Scene of Latest Assault Which Nets Prisoners—British Drop More Bombs in Belgium.

(Associated Press Dispatch)
The French took the offensive this morning on the Verdun front, striking on a 11 mile sector on both banks of the Meuse river. Early official reports from Paris, while giving few details of the battle, say it has developed to the advantage of the French and that prisoners are already passing to the rear. The first reports do not show whether the French have inaugurated a major offensive, although the indications are that the operation is an unusually important one.

There has been sharp fighting recently on the Verdun front which has been the scene of some of the worst battles of the war. Another great air raid over Belgium was made by British airmen on Saturday night. Many tons of bombs were dropped. The British airplanes returned safely after a battle with German machines, one of which was destroyed.

R. R. STRIKE IS NOT SUCCESS

(Associated Press Cable)
London, August 20.—The strike of the Associated Society of Locomotive Engineers and Firemen, which was to have been called today, involving 40,000 men, had not started at noon, although some may have quit work by midnight. The executive committee of the union remains in London discussing the situation. The opposition of virtually the entire press may have a disheartening effect on the men.

BIG DESTROYER FLEET WILL BE CONSTRUCTED TO FIGHT SUBMARINES

Secretary Daniels Seeks to Double or Treble Output During Next 18 Months.

Ship and Engine Builders Are Called Into Conference—Would Place U. S. in the Lead.

(Associated Press Dispatch)
Washington, August 20.—Immediate expansion of building facilities of the United States to double or treble the output of destroyers during the next 18 months was the object of a conference today between Secretary Daniels and representatives of 25 or more ship and engine builders. "If we get what we want," the Secretary said, "the United States will have more destroyers than any other power. They are the one thing a submarine fears."

The secretary indicated that all the destroyers the builders could produce would be ordered. Every effort of the Department will be laid upon speeding up the large number of contracts pending. Every aspect of building that bears upon destroyer production was taken up at the conference. There is no shortage of material or plan facilities, but the difficulty lies in obtaining high powered engines and reducing gear. Secretary Daniels said no additional submarine chasers will be ordered at present.

LABOR PARTY TAKES ACTION

(Associated Press Dispatch)
Exmouth, England, August 20.—The national conference of the Miners Federation of Great Britain today decided by a vote of 376 to 354 that the British labor party should not be represented at the Socialist conference at Stockholm.

This is a reversal of a previous decision of the Miners' Federation. (Associated Press Dispatch)
Hamilton, Ontario, August 19.—Dr. E. L. McRobbie, a well-known physician was found dead here today. The body was discovered in a yard and indications are that death was due to clubbing. Three arrests have been made.

derstood that Mr. Atterbury will go to France to assist in the construction and operation of railroad lines there for the transportation of troops, ammunition and supplies. Ellisha Lee, General Manager, has been appointed acting vice president. He will be in charge of the operation of lines east of Pittsburgh.

DRAFT BOARD GETS 2 YEARS

(Associated Press Dispatch)
New York, August 20.—Dr. S. J. Bernfeld, and Lewis I. Cherry, the indicted members of Exemption Board No. 99 today entered pleas of guilty to a charge of conspiracy to obstruct the draft laws, when about to be placed on trial. They were sentenced to two years each in the Federal prison at Atlanta, Georgia.

THIRD WEEK OF DEBATE

(Associated Press Dispatch)
Washington, August 20.—The third week of the Senate debate on the war tax bill opened today with prospects of passage being delayed until next week. Several days more discussion was promised the important and disputed questions remaining—income, war profits, consumption and publishers taxes. Before the discussion began today the Finance Committee met and decided not to resort to cloture to expedite the bill.

HEAVY LOSSES AMONG SEAMEN

(Associated Press Cable)
London, August 20.—Since the outbreak of the war 627 officers and men of the British mercantile marine, exclusive of those in the pay of the Admiralty, have lost their lives, according to a statement made today by Sir Albert Stanley, president of the Board of Trade.

PHYSICIAN IS MURDERED

(Associated Press Dispatch)
Philadelphia, Pa., August 20.—Vice President W. W. Atterbury, of the Pennsylvania Railroad was today granted leave of absence. It is un-

FOUR DEAD IN EXPLOSIONS AT KINGS MILLS

(Associated Press Dispatch)
Cincinnati, August 20.—Three explosions along what is called the "powder line" a series of small buildings at the Kings Mills powder plant at King Mills, Ohio, caused some deaths and resulted in a few workmen being injured today. This information reached here this afternoon in the form of a telephone message from an operator at the plant. How many were killed and injured is not known, although unofficial reports say four are dead and three injured.

I. W. W. STRIKE IS A FAILURE

(Associated Press Dispatch)
Spokane, Wash., August 20.—A general strike of the I. W. W., called as a protest against holding its members in jail without charges supposed to begin today in Montana, Washington, Idaho and Oregon did not get a good start, according to reports received here. James Rowan, district secretary of the I. W. W., in the far northwestern states, and 26 others who were arrested here yesterday by National Guardsmen, remained in the county jail as military prisoners. Their disposition will be discussed by Major Clement Wilkins, who made the arrest, and the United States district attorney and marshal.

BIG ITALIAN OFFENSIVE IS IN FULL SWING

New Drive Covers 37 Mile Front and Is Regarded With Deep Concern By Austrian Ruler.

(Associated Press Cable)
Rome, August, August 19.—Commenting on the new Italian advance the Press says that it, like the British attack in Flanders, will be of service in demonstrating how the people and armies of the allied feel toward the premature peace proposals of the Pope. It is said Austria realizes the gravity of the situation as announcement is made that Emperor Charles is soon to visit the Austro-Italian front presumably to encourage his troops.

The official Austrian statement of yesterday said the Italians had begun an offensive on a 37-mile front from Tolmino to a point near the Adriatic. The struggle was said to be raging with the greatest bitterness. Yesterday's Italian official statement did not mention the offensive.

WILMINGTON IS WINNER OF SUNDAY GAME

The Fifth Game of the Series Goes to Visitors by One-sided Score at the End of a Rather Ragged Game.

The fifth of the series of 8 games between Wilmington and Washington has been played and the Clinton County village team triumphed over their rivals representing the Fayette County city.

The Athletics lost because the visitors played the more consistent, steadier and better game aided, as the better team always is by some very marked good luck. They played the game and got the breaks.

The pitching and batting of Heironimus for the visitors featured. As one evidence of his powers with the willow he laced one of Black's fast curves over the fence driving in two runners ahead of him.

This is the way it happened.

FIRST INNING
Gleich grounded to Adams. Martin went to second on Lewis' error. Reilly doubled to right, Martin stopping at third. Nesser was purposely passed filling the bases. Grady struck out and Emery grounded to Frohnhofner to Adams for the third out.

Frohnhofner to Martin to Nesser. Doyle singled and stole 2nd. Schuyler singled scoring Doyle and Schuyler was thrown out at second by Reilly. Adams grounded to Martin to Nesser.

FOURTH INNING
Grady led off with a double to right. Emery grounded to Black to Adams. Frey doubled to center scoring Grady. Corwin was safe at first on Frohnhofner's throw. Heironimus jolted one over left field fence scoring three runs. Gleich got an infield hit. Martin struck out and Gleich was out stealing. 4 hits, 4 runs.

Doyle fled to Emery. Schuyler fled to Gleich. Adams tripped to deep center and scored on Frey's error. Noon grounded to Martin to Nesser.

SEVENTH INNING
Jones walked. R. Jones was hit by a pitched ball. Lewis was up. Nip Jones caught off second by Reilly. Lewis grounded to Corwin to Nesser. Nesser threw wild past second and R. Jones scored. Mays was hit by pitcher. Black singled. Frohnhofner fled to Gleich.

EIGHTH INNING
Reilly reached first on infield hit. Nesser singled to left and Nip Jones threw Reilly out at third. Grady singled to right. Nesser scored on Mays' error. Emery was safe infield hit. Frey popped to Lewis. Corwin singled scoring Grady. Heironimus forced Corwin at 2nd.

NINTH INNING
Gleich singled. Martin scratched an infield hit the ball was about an inch in front of the plate. Reilly was safe on Mays' error. Nesser hit to Frohnhofner who fumbled and three tallies scored. Grady singled to right, but was caught off first. Emery was hit by pitcher. Frey grounded to Lewis to Adams. Nesser scoring on the play at first and Mays' nipped Emery off at third.

The score:

SERGEANT IS ILL; PARENTS NOTIFIED
Mrs. Richard Nevin, of this city, and Mr. Edward McMullen, also of this city, received a telephone message from Port Clinton, Ohio, announcing that their son, Sergeant Leslie McMullen was in a critical condition and to come at once.

Mr. McMullen went up on the evening train and Sunday telephoned to this city that the young man was in a very bad condition, and he was making efforts to have him taken to some hospital, or if able, to bring him back to this city.

Mr. McMullen is expected back tonight or in the morning. The nature of the young man's illness was not stated, but is believed to be a return of an affliction of which he has suffered for years, and for which he underwent an operation.

He was with the company on the border last year.

ENGINE WRECKED TRAFFIC TIED UP
Traffic was tied up on the C. H. & D. from Sunday afternoon until Monday afternoon, as the result of a bad derailment which occurred near Xenia, when a heavy freight engine left the rails and tore up the track.

By transferring passengers and baggage from the west bound train to the east bound train, Sunday night, the Dayton excursionists reached this city about 12:20 Monday morning and the engine was turned at this point, so that it was about one o'clock before the train continued on its way toward Chillicothe.

The other passenger train carried the west bound passengers to Xenia and Dayton.

The wrecker reached the scene of the wreck late in the night.

ROBBERY CASE DRAWS TWO MORE INTO THE TOILS

Another Pair Brought Down From Columbus Includes Bookmaker—One Pair Bound Over Under \$1000.

Two more alleged crooks were added Sunday to the quartet arrested last week charged with robbing Charles Lintz, of New Philadelphia. The two arrested are Joe Lowe, colored, and William Reid, alias Gordon, of Columbus, white. Officers motored to Columbus Sunday morning and returned with the men at noon. It is thought that they were implicated in the case.

Etta Perkins and Fred Williams, colored, who were arrested Friday morning were arraigned before Mayor Oster Sunday afternoon and pleaded not guilty as charged. Lintz, the man who was robbed, took the witness stand and told his version of the affair.

Patrolman Bell and special patrolman Jackson who were on duty during the fair, also testified. The defendants, who were represented by C. A. Reid, were not prepared to offer any evidence and the case was continued, the couple being committed to jail on default of bond, which was fixed at \$1000.

The two men who were brought down from Columbus are expected to be valuable state witnesses. It is said that the men saw the roll of money after it was taken from Lintz. Lowe also is said to be a pronounced

ed dope fiend and soon after being brought to this city it was necessary to call a doctor to attend him. His arm was punctured with many scars where he had been "shot" while in prison.

Wilbur E. King, colored, who was assistant county prosecutor of Franklin county for fourteen years, came down from Columbus Monday morning to defend Joe Lowe, and wife, who are connected with the Lintz robbery.

INFANT SON IS LAID TO REST

Many friends gathered at the home of Mr. and Mrs. Howard Price, on Walnut street, last Thursday morning for the funeral services of the infant son, Russell Willard Price, who had gladdened the home for only six short months and whose garnering for the eternal kingdom has left the home unspeakably bereft.

Rev. G. H. Harper conducted a simple and affecting service. Mrs. Hamor McDole and Mrs. Jasper Blackmore sang the hymns "No Not One," "Face to Face," "Safe in the Arms of Jesus."

The little casket was surrounded with beautiful flowers, and there were few dry eyes as the pastor closed his consoling remarks with the verse:

"A precious one from us is gone,
A voice we loved is stilled;
And there is left an aching void
The world can never fill."
Relatives were in attendance from Dayton and Chillicothe.

CARD OF THANKS.

We wish to express our sincere gratitude to all who rendered assistance at the time of the death of our infant son, Russell Willard; to the minister, for his consoling words, to the singers, undertaker McCoy and for the beautiful flowers received. Mr. and Mrs. Howard Price.

STORY TELLING HOUR FOR THE CHILDREN

One of the interesting features in connection with the Mothers' Club of the Child Conservation League to be organized at the Woman's Club Room, Y. M. C. A., Thursday next is a definite Story Hour to be held at the Public Library.

A committee from the Mothers' Club will have charge of that feature working in conjunction with the Librarian, who is keenly interested in a permanent Story Hour. Saturday mornings, for the little ones.

ANOTHER EXEMPTED

Herbert A. Bowshire, of Madison Mills, was included in the list of men exempted or discharged, and made public Saturday. His name was not certified over as among those exempted until after the original list was announced.

If you wish beautiful, clear, white clothes, use Red Cross Ball Birs. All grocers.

LOCAL BUREAU RANKS FOURTH

The local employment bureau in charge of Mr. B. F. Toops made an excellent record for the week ending August 11th. Out of 66 applications for employment 59 were referred to positions and 51 of these were given positions.

This is one of the highest percentages in the state.

Out of the fourteen employment offices, the local office ranked fourth in the number of placements. All of the cities are larger than Washington C. H. with exception of Athens. Chillicothe which ranked first, counts all the men placed at the cantonment who were referred by other offices throughout the state.

The order of rank for the week ending August 11 was, Chillicothe, Lima, Steubenville, Washington C. H., Zanesville, Tiffin, Springfield, Portsmouth, Marion, Marietta, Mansfield, Hamilton, Canton and Athens. The larger and older offices were not included.

Up to noon Monday eleven applicants had been given positions. Sunday seven men were referred to the cantonment at Chillicothe.

LITTLE STEVE IS AMONG REGISTRANTS

Fayette county lovers of harness horse racing will be interested to learn that Steve G. Phillips, who was the starter of the races at Washington Fair last year, has been called for examination before the Greene county Selective Draft Board, Xenia being his home.

The well-known starter is having a big season, having many engagements, including the Ohio State Fair next week.

THE FAYETTE CANNING COMPANY

Will commence canning corn next Thursday morning at six-thirty o'clock, all hands to be in their places and all feeders that want feed be on hands, as we will only aim to start what people that we can supply, so get in on the start if you want to get feed from the canning factory this year, parties wanting to fill their silos call and make arrangements for their turn to fill.

Respectfully,
THE FAYETTE CANNING CO.,
196 13 By R. C. Peddicord, G. M.

REDUCING EXPENSE

Petrograd, Aug. 20.—In a statement to the press, Minister of Finance Nekrasoff says the government intends drastically to reduce unnecessary expenditures, and for this purpose a special commission will be appointed. The government also will refuse new demands for expenditures.

Poetry For Today

ECHOES.

What is that which makes the margin of the day
 Like the murmur of an ocean far away?
 Can it be the heaven's thunder
 Heard the far horizon under?
 No: A hundred million freemen kneel and pray
 Trust in God who made us free,
 Hold the line for Liberty,
 For a hundred million freemen kneel and pray.

Can it be the distant echo of the guns
 Which behind the quiet sea-line rolls and runs?
 Have our armies made an error?
 Is it some new batterment?
 No: America is calling to her sons.
 Trust in God who made us free,
 Hold in line for Liberty,
 For America is calling to her sons.

What is that enormous murmur that we hear
 Past the distant bugle grieving high and clear?
 'Tis the heart of a great nation
 Grimly throbs with exultation
 That the end of her long patience draweth near.
 Trust in God who made us free,
 Hold the line for Liberty,
 For the end of His long patience draweth near.

Is it throbbing, throbbing, throbbing of the drums
 In the ears of weary nations beats and hums?
 No: The tramp of mighty legions
 Shakes the steady sunset regions:
 'Tis America: She comes, she comes, she comes.
 Trust in God who made man free,
 Hold the line for Liberty,
 For America, she comes, she comes, she comes.
 —The Living Church.

CONSPIRACY IS CHARGED

By Associated Press Dispatch.

Russellville, Ky., August 20.—Sheriff James F. Taylor, a member of the Logan County Exemption Board and County Judge J. W. Edward, were placed under arrest here today by deputy United States Marshal B. M. Richardson, on the charge of conspiring to violate provisions of the draft law.

Both were held by United States Commissioner George S. Hardy for examination August 29th and were released on bond of \$5,000 each.

Taylor is charged with promising exemption for draftees in exchange for political support.

Judge Edward is charged with conspiring with him but the extent of his activity is not disclosed by the agent who secured the warrants.

Sheriff Taylor has been removed as a member of the draft board and a successor named.

CONFERENCE BEFORE REPLY

(Associated Press Cable.)

London, August 20.—Lord Robert Cecil, Minister of Blockade and under secretary for Foreign Affairs, announced in the House of Commons this afternoon that the Entente would hold a conference before replying to the peace proposals of Pope Benedict.

AUGER WORKS CLOSED TODAY

Special to Herald:

Wilmington, O., August 20.—Following some disagreement between the management of The Irwin Auger Bldg. Company and employees, the plant is closed down temporarily today, until the matter can be adjusted.

It is announced that no strike has been called, and that in all probability the plant will be reopened within a few days, although the stock of steel on hand can be sold at a good profit if it is decided to let the plant remain idle for a time.

GOVERNMENT BUYS 100,000 TONS SUGAR

By Associated Press Dispatch.

Washington, August 20.—Contract for 100,000 tons of sugar have just been placed by the government for army and navy requirements at a price to be fixed by the food administration.

At the present price the order would total between \$15,000,000 and \$18,000,000.

BE CAREFUL OF FAKE NEW WHEAT

By Associated Press Dispatch.

Wooster, O., Aug. 20.—"Fake varieties of wheat are frequently sold at extravagant prices, often with the claim that only one peck is needed to seed an acre," warns the agricultural experiment station. "Tests made at the station show such statements to be fraudulent."

"Miracle" and "Marvelous" wheat has been so advertised that it is frowned upon at the station. Both now are believed to be of the same variety. "Miracle" proved to yield inferior to such standard varieties as Gypsy, Fultz and Poole. "Marvelous" yielded five bushels less to the acre in 1913 than Mediterranean when seeded at the rate of eight pecks to the acre. It also yielded less than Poole and Fultz in 1915 when seeded at the same rate, say station experts.

GENERAL MANN LEADS FIRST STATE TROOPS TO BE SENT ABROAD

GEN. WILLIAM A. MANN

The composite national guard division, to be known as the Forty-second, to be formed immediately out of troops from twenty-six states and the District of Columbia, was to be mobilized immediately at Mineola, N. Y. It was announced in Washington. The camp where this division will be temporarily stationed will be known as Camp Mills, named for the late Major General Albert L. Mills, who was Major General William A. Mann's predecessor as chief of the division of militia affairs.

General Mann is to command the new division, relinquishing his duties as chief of the division of militia affairs. Beyond stating that this division will be sent to France immediately and will be the first national guard contingent sent to the front, for military reasons particulars regarding the plans for the use of this force cannot now be stated.

CELEBRATES 90TH BIRTHDAY

Mr. George W. Hadley respected resident of this section of the state for the past 65 years, celebrated his ninety birthday Monday at his home on S. Fayette street.

The interesting date became known and at four o'clock in the afternoon the home was filled with neighbors and friends who held an informal reception in honor of Mr. Hadley.

Refreshments were served and there was a thoroughly pleasurable hour with best wishes showered upon Mr. Hadley in letters and telegrams as well as verbally.

George W. Hadley was born in Carroll Co., N. H., near the town of Sandwich, August 20, 1827. He came to Ohio in Sept. 1852, making the trip by water from Buffalo to Cleveland and from there to Chillicothe by the stage coach, which played a picturesque part in the travel of early days. With the exception of 6 years spent in Tipton, Iowa, Mr. Hadley passed the remainder of his life in Ross and Fayette counties, engaged in mason work.

In Oct. 12th, 1865 he was married to Christina Moon, daughter of Thos. and Frances Moon, of New Martinsburg. The 2 daughters born to them, Fannie and Minnie, have both answered the eternal call and Mr. and Mrs. Hadley are rounding out their latter years alone save for the warm friendships which are theirs in full measure.

Mr. Hadley in an interesting story teller and from many experiences of pioneer days often relates stories of the hunt and the wigwag that are listened to with keenest delight.

Since 1861 Mr. Hadley has been a loyal Odd Fellow and member of the I. O. O. F. are going over this evening to offer felicitations.

PERSONAL PARAGRAPHS.

Rev. T. C. Kerr of Bloomingburg and Mrs. Allen Eyeman are attending the Bible Conference at Winona Lake, Indiana.

Miss Mable Kerr has as her guest Miss Lucile Browning, of Falmouth, Ky.

Mrs. Ella Robinson of Bloomingburg, who was operated on at the Fayette Hospital last week, for appendicitis, is in a serious condition.

LAD FATALLY INJURED IN AUTO MISHAP

Unlighted Automobile Hits Railing of Bridge and Richard Rhoads, 13, is Injured So That Death Follows a Few Hours Later.

Richard Rhoads, 13, was fatally injured, and his brother, Lossen, 17, was painfully hurt about nine o'clock Sunday night when the Rhoads automobile containing the two boys and driven by the latter crashed into the side of a small bridge across the road leading from the Chillicothe pike to the Tom Junk farm, and overturned in the ditch below, pinning the two boys beneath the machine.

The tragedy took place while the boys, who are sons of Mr. and Mrs. Isalah C. Rhoads, of this city, were returning from Frankfort, and while the machine was being driven without lights, the presto-lite tank having become exhausted while on the road.

The boys had left the Chillicothe pike and turned north on the side road leading to Cisco, some seven miles east of this city, and then turned about to return to the Chillicothe pike and take another side road to make the detour necessary.

The machine struck the bridge and carried away part of one side, the machine turning turtle in the ditch.

By hard work Lossen succeeded in extricating himself, and his cries for help attracted Paul Slagle, of this city, who responded and together, by the aid of a flashlight, Richard was removed from beneath the machine, his body being nearly buried in the mud and water. Respiration was restored by first aid methods, and the water expelled from the lad's lungs.

However the internal injuries, together with shocking burns sustained from the boiling water of the radiator, proved fatal, and after being attended by physicians and then brought to the Fayette Hospital in Klever's ambulance, about midnight, the lad passed away, although all known restoratives were used in an effort to save him. The flesh of his neck, face and chest, part of the abdomen and also flesh on the forepart of his legs, was literally cooked.

Lossen was painfully, although not seriously injured. The machine is a complete wreck.

Funeral services over the body of the dead lad will be held at the home of his parents, Wednesday morning at ten o'clock, and interment will be made in the Washington cemetery.

BIG PAY ROLL AT CHILLICOTHE

Chillicothe, August 20.—Nearly 10,000 men are now at work on Camp Sherman and doing good duty. The pay roll for last week was \$352,000, and Sunday upward of 2,000 additional workmen arrived and will be added to the 8700 persons at the camp last week.

SONS SEEK FATHER AT CAMP SHERMAN

Ralph Duckwall and Hugh Duckwall are endeavoring to locate their father at Chillicothe, after failing to find him on Sunday.

William Duckwall, the father, went to Chillicothe some ten days ago, and Sunday when he endeavored to locate his father, Ralph failed and returned to this city, where his brother accompanied him back to Chillicothe.

They fear that foul play might have resulted about the big cantonment, but are making a thorough search lest he was not located because of the large number employed there.

MARRIAGE LICENSES

Vernon James, 21, railroad clerk, of Springfield, and Mildred Eads, 18, of Jeffersonville. Rev. Wishon.

Leroy W. Cash, 32, porter, and Stella M. R. LaRue, 32, both of this city. Rev. Thomas.

Francis J. Collopy, 21, teacher, and Nell Mickle, 18, both of Washington. C. H. Father Fogarty.

H. C. FORTIER PIANO TUNER

PHONES: Automatic 4061 Bell 105-W2

In Social Circles

Cupid's secrets have a little way of leaking out, so when Miss Nelle Mickle, the pretty young daughter of Mrs. Emma Mickle, of Jasper, and Mr. Francis J. Collopy, son of Mr. and Mrs. John Collopy entered St. Colman's church Monday morning at eight o'clock for a quiet wedding, unheralded, they were surprised to find a number of friends had preceded them.

The church altars, banked with golden glow, and gleaming with electric candles, provided effective setting for the impressive ceremony performed by Rev. Father Fogarty.

Miss Margaret McDonald played beautifully and Messrs Aloysius McDonald and Thomas Cullen sang.

The attendants were Miss Alice Meyer and Mr. Wardus Collopy, a brother of the bridegroom.

The bride was very girlish and sweet in a smart suit of gray satin, with waist of white georgette, hat and shoes to match. She carried Bride's roses.

Miss Meyer was an attractive maid in white satin gown and hat, her arms filled with pink roses.

Immediately following the ceremony an elegant wedding breakfast was served to twenty five relatives at the home of the bridegroom. A yellow and white color scheme was prettily used, with quantities of golden glow in effective arrangement.

Mr. and Mrs. Collopy left on a motoring trip, the schedule of which was not given out. The best wishes of many friends in town and county await their return.

The bridegroom has been a popular teacher of the county.

Miss Myrtle Starr and Mr. Walter Miller quietly plighted their troth at the Presbyterian parsonage Saturday evening at half past eight o'clock. Rev. Wm. Boynton Gage officiating.

The bride is a charming lovable girl, who has filled an office position in C. H. Brownell and Sons Packing House with marked efficiency for several years. She was wearing a pretty white gown of French voile, trimmed in lace, with wide sash, tablier effect.

The bridegroom is a well known and capable young postal clerk, of the local post office, and shares with his winsome bride in the best wishes of a host of friends.

Mr. and Mrs. Miller went at once to their furnished home on Dayton avenue. They will take their wedding trip in the Fall.

Mr. and Mrs. R. D. McClure, Mr. and Mrs. J. M. McClure and daughter Miss Eva of Bloomingburg, Mr. and Mrs. R. T. McClure, children End

and Feurt, Mrs. H. L. Stitt and two children motored to Peebles, O., Sunday to attend a family re-union in honor of the seventieth birthday of Mrs. Margaret Beckman, a sister of Messrs. R. D. McClure and J. M. McClure.

There were sixty-five guests including many from Cincinnati, Portsmouth, Hillsboro and other places.

A delightful surprise party was given for Mrs. Dan Baker formerly of this city, at her present home in Springfield Sunday. Quite a number motored over from here, taking well filled baskets. Among them were the daughter, Mrs. Frances Mitchell; Mr. and Mrs. O. H. Robbins, Mr. and Mrs. E. J. Fultz and daughter, Miss Hazel, of Derby; Mr. R. O. Bibler, of Columbus, Mr. C. M. Vulgamore, of Toledo.

Three carloads of motorists drove to Springfield Sunday for a most enjoyable surprise dinner given in honor of Mr. Bert Ford, brother of Mrs. E. O. Ferneau, Mrs. John Tillett of this city and Mrs. Tom Moore, of Milledgeville.

In the party were Mr. E. O. Ferneau and family; Mr. and Mrs. John Tillett, grandson, Willard Lamm, Mr. and Mrs. Homer McCoy; Mr. John Steele, of Columbus; Mr. Tom Moore and family of Milledgeville; Mr. Jess Moore and Miss Irene Martin, of Dayton; Mr. Alonza Flora, South Charleston; Mr. Robt. Ford and son, Mr. Glen Ferneau, of Greenfield, Mrs. Frank Seth and children of Springfield.

Mr. and Mrs. Ed McCoy of Jasper Mills, pleasantly entertained to dinner Sunday, their daughters, Mrs. A. M. Eddy, of Chicago, and Mrs. Frank Morris, husband and son George.

A crowd of young people, who enjoyed a picnic supper, at the home of Miss Mary Weaver Sunday evening were Misses Mary Craig, Miriam Fite, Dorothy Saxton, Louise Weaver, Susan Putnam of Athens and Juliette Mayer of Bellefontaine; Messrs. James McDonald, Lieut. T. H. Craig, Ernest Woodward, Raymond Dawson, Robert Willis and Maynard Craig.

Miss Jessie Wahn entertained eight guests Sunday with an enjoyable dinner, at the home of her parents, Mr. and Mrs. T. N. Wahn, on the Waterloo pike.

The guests were: Mrs. R. A. Buchanan of Beverly, Miss Bertha Buchanan of Marietta, Miss Fern Vankirk of Springfield, Miss Rose Richwine of Columbus, and Mr. and Mrs. George Sturgeon and son Billie, Messrs. Harry Buchanan and Kenneth Wahn.

Miss Jessie Wahn entertained eight guests Sunday with an enjoyable dinner, at the home of her parents, Mr. and Mrs. T. N. Wahn, on the Waterloo pike.

The guests were: Mrs. R. A. Buchanan of Beverly, Miss Bertha Buchanan of Marietta, Miss Fern Vankirk of Springfield, Miss Rose Richwine of Columbus, and Mr. and Mrs. George Sturgeon and son Billie, Messrs. Harry Buchanan and Kenneth Wahn.

PERSONALS

Mr. Robert Willis spent Monday in Columbus.

THEDA BARA in HEART AND SOUL

QUALITY PLUS HOSPITALITY

ALL GRAIN ELEVATORS MUST HAVE GOVERNMENT LICENSE

Weekly Reports Required From Grain Dealers, and All Farmers Must Sell Grain Stored in Elevators Within 30 Days—Farmers Can Hold Wheat in Own Granaries.

Proprietors of grain elevators and flour mills in this city and county have received notice from Herbert C. Hoover, chairman of the United States Food Administration Board, calling for an immediate report of all grain and grain products on hand and a weekly report thereafter, and also conveying the information that all farmers or others who have grain stored in elevators, must dispose of the same within the next 30 days, although farmers who store their grain in granaries on their premises may hold the grain indefinitely. All elevators must obtain a government license, and to do so, must file the report demanded.

A number of blanks have been sent to all grain dealers, and flour mills, and it is necessary to fill out these blanks giving full information about the plant, capacity, and amount of grain carried. Each week from now on it will be necessary to file weekly statements of the amount of grain purchased and sold, and on hand.

The price of wheat to be fixed by the government will be announced in the very near future, and is expected to be \$2 or perhaps as high as \$2.10. However, this is merely conjecture at the present time.

Local elevators and mills are in Zone No. 9, comprising Ohio, Pennsylvania and Indiana, and are under the direction of sub-food administrator H. D. Irwin, of Philadelphia.

Under the above plan the government will be in possession of all facts dealing with the grain business insofar as the buyer and seller at elevators is concerned. The elevators will be under government supervision until further notice.

Further information concerning the grain business, as announced by C. A. King & Company, of Toledo, O., follows:

September first the government expects to start in the wheat business. Later they will control rye. It is not intended to touch corn or oats if they behave properly.

A price commission of nine, appointed by the President, will soon declare what they consider a fair price for wheat under present conditions. Col. Barnes will try to work to that basis. The plans will be announced soon after the price is established by the price commission. The minimum price of two dollars is for the 1918 crop.

Commission men will be allowed to receive consignments. They cannot sell the wheat to millers or exporters. Government will attend to that and regulate the outgo. All must respect the price wishes of the government. They expect co-operation by everybody.

Farmers can hoard at home. They cannot store in city or country elevators longer than thirty days, the limit for all others.

Country dealers will not have a margin of profit specified. Their license requires that they must be fair and reasonable. Their books like all others will be open for inspection.

Government will name the difference in value between the standard grades. That is between Nos. 1, 2, 3, 4 and 5. They will try to make a fair price on sample wheat.

Government will buy wheat in terminals. They will pay for it only after the warehouse receipts are delivered to them.

Elevators must all take out a license. This applies to all city and country. They must make weekly re-

ports of purchases, shipments and stocks. If you have a line of country elevators, each must have a license. A blank report from the head office on which each station may return will probably be arranged.

Suspend Buying Wheat.
Some of the smaller elevators of the county have temporarily suspended the buying of wheat until the government price is fixed, or at least until they have so definite assurance of what the price is to be, not caring to load up on wheat at \$1.90 or \$2 and be compelled to sell it at less.

It may be necessary for other elevators to temporarily suspend buying, but this is thought hardly probable.

DO NOT APPEAL TO LOCAL BOARD

Men who have been certified over for military service, and whose claim for exemption were not granted, must now appeal direct to the District Board at Columbus, if they desire to make further efforts against the call to the colors.

It is believed that few protests will be made, but where protests or appeals are made, they must not be made to the Local Board but to the District Board, and then only up on the grounds of industrial or agricultural reasons.

While the power of the Local Board in dealing with those certified over ceases immediately after the men are certified and passes automatically to the District Board, the Local Board still has full control over exemptions or discharges made, and may revoke any discharge or exemption at any time, if they think they have just grounds for doing so.

It is not known when another draft levy will be made, but probably not for several months, as it will require sometime to train the first quota called, and they will probably be in the training camps all winter.

COUSIN IS KILLED IN BATTLE OF LENS

Mr. Carl Williams, employed in The Herald composing room, received word Monday morning that a cousin, Darrell Stratton, aged 22 years, was killed while fighting with the Canadians around Lens, Saturday.

The young man has been in active fighting for sometime, and upon two previous occasions had suffered wounds while engaged against the Germans.

At the present time the Canadians, assisted by several thousand Americans, are at work around Lens, and the fall of that important French city is imminent, although the Canadians have lost many men in the bitter fighting necessary to recapture the city from the German horde.

ATTENDS MEETING OF T. B. TRUSTEES

Harry F. Brown, president of the board of directors of the District Tuberculosis Hospital at Chillicothe, went to Chillicothe Monday morning to preside over a meeting of the directors.

Equipment will be purchased and a superintendent will be hired, and it is expected that the hospital will be opened within a short time.

FESTIVAL AT MILLIDGEVILLE.
There will be a festival at the Millidgeville M. E. parsonage, Wednesday evening, August 22, for the benefit of South Plymouth church, 19543

"Sandwich Brigade" to Rescue When Commissary Slips By

GOOD CHEER FOR SOLDIER BOYS IN CAMP

Just for a little while the commissary department failed in an eastern camp, and these state soldiers were threatened not with starvation, but with temporary deprivation. Society women heard of it and organized a "sandwich brigade" to supply the men with food and drink. These soldiers in particular appreciate the "grab" because they had just been relieved after twenty-four hours' guard duty.

MAN IS KILLED BY AN AUTOMOBILE

While passing down High street in Columbus about nine o'clock Sunday night, Mr. Howard Griffiths and a party of friends saw a man killed by a large touring car directly in front of them a short distance, the approaching car striking the man as he stepped out upon the street directly in the path of the machine.

The unfortunate man had carelessly stepped from behind a machine and the driver of the approaching car had no opportunity to avoid the tragedy.

It is a common practice for persons to step into the street from behind automobiles standing at the curb, and the man, woman or child who does so, without great caution, courts death by so doing.

Washington, Aug. 20.—J. L. Squibb, a navy gunner detailed to an American steamship that arrived at an American port from Genoa, was reported by ship officers to have fallen or jumped overboard on Aug. 14. He was last seen by members of the crew at 2 p. m. on that date. Squibb's home was in Joplin, Mo.

ENJOYS MEALS AGAIN SINCE TAKING TANLAC

Woman Says She Used to Feel Bad After Eating, But Its all Changed Since She Gave Tanlac Trial.

Mrs. Grace Courts, 150 Wilkinson street, Dayton, Ohio, used to have a lot of trouble after every meal. She says she would suffer and be forced to endure misery. Tanlac, she says, has fixed up her stomach so that she can eat anything without a bit of trouble.

"It seemed that I could find nothing that would help me," Mrs. Courts said. "It got so finally that whenever I bent over I got dizzy and everything would swim before my eyes. I was nervous, too, and couldn't sleep. Rather than go to bed and lie awake and toss about I used to sit up and sew or read. As a result I always felt tired."

"Well, sir, I'm mighty thankful for what Tanlac has done for me. It's a fact that I can now eat anything I want without a bit of trouble afterward. I get sound, restful sleep now, too, for the nervousness is all gone. I can get up feeling refreshed and ready for work now."

Tanlac is a vegetable tonic. It is especially designed to build up run down systems and has helped thousands of weakened men and women. If you are not feeling right get Tanlac today at Blackmer & Tanquary's drug store, Frank Christopher's drug store or C. S. Haver's drug store.—Advt.

VETERINARIAN IN SERIOUS TROUBLE

David Morgan, formerly of New Holland, now located in Xenia, veterinarian, is facing serious charges in Xenia, filed by his partner Estes Bernard, formerly stationed in this city and engaged in selling and administering hog cholera serum who charges Morgan with obtaining money under false pretense.

The affidavit was filed before Justice Jones, in Xenia, a day or two ago, and according to Dr. Bernard, Morgan has misappropriated some \$200 to \$300 of partnership money.

The two veterinarians hold the state agency for the Universal Serum Company, of St. Louis, and according to Dr. Bernard, Morgan obtained between \$200 and \$300 of partnership money, and has failed to give an accounting of the fund, other than that it has been expended. It is claimed that Dr. Morgan announces that he is insolvent and the amount sought cannot be recovered, but it is understood from Dr. Bernard that the charges will be pushed, not so much to obtain the amount mentioned, but to obtain proper punishment of the crime said to have been committed.

Dr. Morgan was raised in New Holland and is well known in this city and county.

He was out with a camping party Saturday, and so far as known his arrest on the affidavit filed has not been made.

Dr. Bernard also announced that he is investigating misrepresentations made by another dealer in serum, with a view to obtaining justice.

MAY GET AWAY IN SEPTEMBER

(By American Press)
Washington, Aug. 20.—Both Democratic and Republican leaders expect the senate to pass the war tax bill this week.

The senate, having disposed of virtually all minor questions, entered today upon decisive and vigorous disputes over the income, war profits, publishers' and consumption tax provisions. Senator LaFollette plans a lengthy speech in an effort to increase the income and profits rates, with senate sentiment strong for a higher levy on war profits.

Immediately after passage of the revenue measure, senate leaders plan to give a short time to peace debate on resolutions of Senator LaFollette and others. Administration and some Republican leaders expect to overwhelmingly table pacifist proposals, probably in open session.

In the house the "gentlemen's agreement," under which business has been suspended for several weeks, will expire this week. Next Saturday the ways and means committee will take up Secretary McAdoo's proposed new war budget and the house will reassemble the following Monday prepared to dispose promptly of both the bond issue and the new war appropriation measure under preparation.

Senate committees met today for action on the trading with the enemy, export and espionage amendment bills.

Confirmation of most of the 200 major and brigadier generals recently nominated and of former Representative Victor Murdock of Kansas to the federal trade commission also is expected during the week.

Congressional leaders express the hope for a vacation about Sept. 15, or not later than Oct. 1. Included in the program for disposal within the next three or four weeks are: The \$2,000,000,000 war tax bill; a new war budget authorizing about \$7,500,000,000 in bonds, probably at 4 per cent, for further loans to the allies and to retire the \$3,000,000,000 of 3½ per cent bonds already authorized; and a deficiency appropriation measure aggregating between \$6,000,000,000 and \$7,000,000,000, now being prepared by the house appropriations committee.

EGAN IS ILL

(By American Press)
Copenhagen, Aug. 20.—The operation performed on Dr. Maurice P. Egan, the American minister to Denmark, was more serious than at first reported. It involved the removal of one kidney. Dr. Egan, according to the report issued by the attending physician, passed a satisfactory night and his condition is as good as could be expected.

Dover, England, Aug. 20.—Sixteen persons were killed and forty injured when a crowded streetcar on a suburban line ran wild on a steep hill, at the foot of which it was wrecked. The accident was due to failure of the brakes. The casualties include officers, soldiers and sailors. Not one person on the car escaped injury.

MILITARY GRABS I. W. W. DISTURBERS

(By American Press)

Spokane, Wash., Aug. 20.—Aggressive action to prevent the paralyzing of industries in the northwest through the strike of the I. W. W. was taken when James Rowan, district secretary of the I. W. W., was made a military prisoner, together with twenty-six other members of the organization, by national guardsmen in federal service.

Secretary Rowan had ordered the general strike of the Industrial Workers. Strike orders advising farm workers to "let the dirt rot on the ground," and calling on construction workers to lay down their tools, have been signed by Rowan.

"Lumber workers in the four states already are on strike," Rowan said, while he was awaiting his turn to be searched and booked. "I think the strike will spread further now, and probably will affect industries in which no strike has been called. Even though all the officers or employees of the organization are put in jail and all the halls closed, arrangements have been made to handle the movement."

Only a vote of the members of the organization can halt the strike, Rowan said, as there is no one with authority to take such action, unless I. W. W. members, alleged by leaders of the organization to be illegally held in jail, are released.

Rowan and William Moran, secretary of the local I. W. W. organization, were arrested at the local I. W. W. hall by Major Clement Wilkins, in command of a battalion of guardsmen on patrol duty here. While Major Wilkins, accompanied by Rowan, went to executive headquarters three blocks distant to unlock the door, forty members of the company, under the command of Captain F. A. Jeter, rounded up twenty-two other men who were in the hall and took them, with Moran, to the county jail.

A squad of guardsmen was left at the executive headquarters and another was stationed at the I. W. W. hall, and the latter arrested three other men who went to the hall later and took them to the jail. Orders then were issued that no one should be permitted to enter the hall.

"You men are military prisoners, and are not detained under civil law," Major Wilkins told the men in the jail. "An investigation of your case

will be made, and if it is found that any of you are wrongfully held, you will be released."

Later, Major Wilkins said the entire proceedings were under military orders, and that no charges had been placed against the men. A deputy United States marshal who accompanied the soldiers did so only to identify the men arrested, he said.

RUSSIA'S EX-CZAR PLACED UNDER GUARD

(By American Press)

Petrograd, Aug. 20.—It was officially announced for the first time that the new residence of Nicholas Romanoff, the deposed Russian emperor, is at Tobolsk, a western Siberian town which recently achieved a dubious publicity in revolutionary Russia as the birthplace of Gregory Rasputin, the mystic monk, who wielded a remarkable influence over the emperor's family up to the time of the czar's assassination in Petrograd last December. The official announcement says: "Owing to reasons of state, the government decided to transfer to a new residence the ex-emperor and ex-empress, who are detained under guard. The place selected was Tobolsk, where they were taken after requisite measures to insure their safety. With them went of their own free will their children and certain of their entourage."

ANTI-DRAFT RIOTERS HELD TO GRAND JURY

(By American Press)

McAlester, Okla., Aug. 20.—Seventy-three alleged anti-draft rioters from Seminole county were held to the federal grand jury in bonds aggregating almost half a million dollars at the completion of their preliminary hearings before United States Commissioner R. P. McMillen here. Twenty-seven prisoners were liberated by the court, but held on \$10,000 bonds as witnesses. The hearings were completed after Will Hobler, the government's chief witness, had told in detail of the alleged activities of leaders of the Working Class union in Seminole county.

H. C. Spence, alleged organizer of the Working Class union, Hobler testified, had advised his fellow members that they could "beat the army draft with the match."

G. A. R. ENCAMPMENT OPENED AT BOSTON

(By American Press)

Boston, Aug. 20.—The Grand Army encampment formally opened here with an impressive patriotic service in the new Old South church. Mingled with boys in blue in the audience were many of the boys in khaki. Corporal James Tanner of Washington, past commander in chief, who delivered the principal address, referred to the present in feeling terms. In the parade tomorrow from 10,000 to 12,000 veterans are expected to be in line as compared with the 40,000 who marched at the last national encampment here thirteen years ago. There had been some talk of doing away with the parade because of the age of the veterans, but the men in the ranks would not listen to any such suggestion, saying this was no time for old soldiers to quit with the eyes of the new army upon them. School children will be marched along the line of march.

The State War Board Says Today:

Don't waste bread. Millions of barrels of flour must be shipped. Over in England they value it almost as gold dust! A British hotel man was fined \$300 for permitting a loaf of bread to go to waste.

Bread, the stale, can be used. Dried bread crumbs may be partly substituted for flour in batters and doughs.

Ever hear of bread crumb griddle cakes? Try this: 1 1/2 cups fine stale bread crumbs; 1/2 cup scalded milk; 2 eggs; 1/2 teaspoon salt; 2 teaspoons melted fat; 1/2 cup flour; 4 teaspoons baking powder. Add milk and fat to crumbs, soak until soft; add beaten eggs, then flour which is sifted with salt and baking powder.

"French Rarebit" sounds like a luxury. It isn't—it's a war economy. Make it this way:

Fill baking dish with alternate layers of stale bread that has been sliced, spread with butter and cut into small squares, and of cheese, grated or ground. Moisten thoroughly with a mixture made as follows: 1 cup milk; 1 egg; salt, cayenne pepper and mustard. Bake until browned on top.

CITIES PROSPER UNDER MANAGER CHARTER PLANS

The people of Washington are studying the commission manager form of governments and judging from the comments that are heard they are finding the study both interesting and profitable. To many the statements of the accomplishments of other cities, under the commission manager government, have been a revelation. The manner in which other cities have placed their business affairs upon a real business like basis has proven to be a subject of unusual interest. From every city comes the story of increased efficiency and more improvements for the same or less money than was expended under the old form of government. The new government has proven a success elsewhere.

St. Augustine, Fla., the oldest city in the United States, is now operating under one of the most modern of charters. It's a city manager charter, carrying this unusual provision, that candidates for commissioner are forbidden personally to solicit votes. Once elected, a commissioner is forbidden to dictate any appointment by the city manager.

Here's an instance of the brand of efficiency St. Augustine is getting under the city manager plan:

Just before quitting office the old administration accepted its waterworks superintendent's recommendation for the removal of all old valves throughout the distribution system, none of which were in working order, and to replace them by the purchase of new valves at a cost of \$7000. Under the city manager administration all of these old valves have been repaired and are now in working order, at practically no cost to the city.

Reduced Taxes 97 Cents.

In Niagara Falls, where owing to failure of the New York Legislature to pass adequate legislation the city manager administration is still hampered by partisan elections. In spite of this the tax levy has been reduced 97 cents per thousand valuation.

Establish Complaint System.

In Sherman, Texas, the city manager installed a complaint system, by which each complaint is recorded, referred to the department concerned and followed up if necessary until cured for. What the city manager plan is doing for citizens of Sherman is indicated by the fact that the number of complaints in six months dropped 39 per cent. Further popular approval was shown last year when public works improvement bonds amounting to \$15,000 were voted by the people.

Save \$5000 in Interest.

So obvious a step toward efficient government as depositing city funds in a responsible bank willing to pay interest on daily averages will save San Jose, Cal., \$5000 a year under the city manager plan.

Save \$2000 a Year in Salaries.

Alpena, Mich., operating under the city manager plan since last April, is going to save \$2000 a year in salaries. Eight-hour shifts have displaced 12-hour shifts in the water and light departments yet no additional men have been employed. An improved method of boiler firing is saving the department from one to two tons of coal a day.

Big Saving in Michigan City.

In 1914 Manistee, Mich., adopted the city manager plan. City expenditures in 1913 amounted to \$104,184. In 1914 they amounted to \$90,453 and in 1915 to \$85,909. The budget for 1916 totals \$2350 less than that of 1915.

Some Saving Here.

The city manager of Amarillo, Texas has abolished a lighting contract that called for arc lights of 265 candlepower at a cost of each \$120 a year and sixty candlepower carbon incandescents at a cost each of \$27.50. The new contract calls for a 250 candlepower gas filled lamp at a cost of \$60 and an 80 candlepower carbon lamp at a cost of \$25.

How's This for Efficiency?

Jackson, Mich., has given the coun-

AVIATORS DROP TONS OF BOMBS

(By American Press)

Paris, Aug. 20.—The Lafayette squadron, composed of American aviators, played its part in the French air raids reported in the official communication when it was announced that 28,000 pounds of bombs and explosives had been dropped on German military establishments, railroad stations and encampments. Corporal Harold Willis of Boston, a member of the squadron, has not returned from the raid, which resulted in a number of aerial fights with the Germans.

Two groups of chasers were chosen from the ranks of the Lafayette squadron, commanded respectively by Lieutenant Raoul Lufbery, Willingford, Conn., and Adjutant Didier Mason of San Francisco, who traveled protectively to the right and left of a bombing machine as it entered enemy territory. Another group from another squadron followed in the rear. The Germans, however, saw few German machines. The Lufbery command obtained most of the action and Aviator Hill of Peekskill, N. Y., had a narrow escape when two Germans attacked him with incendiary bullets. He escaped, however, with one bullet hole through a lower plane, by outmaneuvering his opponents. He is believed to have brought down one German.

"CHARLEY" BURNETT'S NEW PATENT ROOFING

One of the many exhibits at the fair deserving special mention, because of its uniqueness and merit, as well as for the wide attention it attracted, was that of Mr. Charles Burnett of his new patented steel cup board roofing.

Hundreds of people looked at the exhibit, studied it carefully and expressed themselves, in enthusiastic manner, as convinced that the roof was practical, economical and durable.

Practically unanimous was the verdict that it was a success—both the roof and the exhibit.

"Charley" has invented a good many things—all of them good, but some better than others, and his friends say the new roof is the best yet.

The managers of the state fair and several county fairs have invited Mr. Burnett to come and show the new roof to their patrons.

As a matter of course, Mr. Burnett is enthused about the prospect and it pleased at the praise given his latest invention.

Now that it is only a board, it has become a standard board in the least possible time, and will be manufactured and sold in all lumber yards as soon as business arrangements can be perfected.

C. H. & D. to this city and thence to Midland City over the local branch of the B. & O., the decision is said to have been reached to detour a great amount of the freight traffic over the above route, as the tests have proven the economy of the plan.

The last test was made Friday when a train of more than 2300 tons made good time over the detouring route, and required only a short time longer than to haul a little more than half of the amount over the main line through Greenfield.

The results have been so satisfactory generally that railroad men expect to see a general order for detouring, and a complete rearrangement of freight schedules over the B. & O. and C. H. & D.

WOULD ISSUE BONDS AND CERTIFICATES

(By American Press)

Washington, Aug. 20.—Authorization to issue bonds and certificates totaling \$11,538,945,460 at one time is provided in the new war budget bill, embodying recommendations of Secretary McAdoo, which is in the hands of the house ways and means committee.

In addition to authority to float a \$7,538,945,460 4 per cent bond issue to care for a previous \$3,000,000,000 and a future \$4,000,000,000 allied loan authorization, the secretary desires power to issue additional certificates of indebtedness to the amount of \$2,000,000,000, and an equal amount of war savings certificates in a form available to small investors.

Lives of the certificates of indebtedness and war savings certificates would be limited to one and five years, respectively, and they would be subject to discount and payment in the discretion of the secretary. He also would fix the interest rates and regulate interest payments. They, like the bonds, would be subject only to surplus, war profits and excess profits taxes.

Inclusion of the two additional certificate proposals, not mentioned heretofore by administration leaders in connection with the bill, is understood to be principally for the purpose of providing against a sudden demand for money which the treasury might not be able to meet. Authorization to issue the certificates would prove particularly valuable, it is pointed out, if congress should not increase the revenue bill now under discussion by \$500,000,000, as proposed by Mr. McAdoo. It is by no means certain that this proposed increase will be secured.

HUGHES BOOSTED

(By American Press)

Washington, Aug. 20.—Strong influences are at work to secure the appointment of General Oliver H. Hughes, chairman of the Ohio public utilities commission, as one of the new members of the interstate commerce commission. Three places are to be filled on the commission, two being created by legislative enactment and the other by the death of the late Commissioner Clements.

AMERICAN VESSEL IS SAVED BY SPEED

(By American Press)

Washington, Aug. 20.—An American passenger steamer which arrived at an American port from England was attacked by a submarine off the Irish coast on her last outward voyage, and escaped being torpedoed by a margin of inches, her officers said.

The periscope of the U-boat was observed abeam of the vessel by one lookout almost at the same moment another espied the approach of a torpedo. As the missile came on, it seemed, judging from its course, that the liner was doomed. Her speed, however, saved her, the torpedo missing the rudder, the officers said, by not more than a foot. The navy gunners fired almost instantly, but soon the periscope reappeared 200 yards astern, the U-boat commander evidently anxious to see whether his torpedo had found its mark. The gunners fired a second shot, but that also went wide.

HOUSE IS VISITED BY BOLD INTRUDER

During the absence of Mrs. Mari Garrett, from her home near Good Hope, recently, burglars entered the residence in broad daylight and ransacked the house from bottom to top, stealing some clothing, a razor, and some \$15 in money.

Entrance was gained by forcing a door, and the burglar evidently took his time to his nefarious work, and left things turned topsy-turvy generally.

The burglary is the second occurring in the same locality during the past few weeks.

LARRIMER LAUNDRY

AUTOMATIC 5201; BELL 188-W

BIG INCREASES

(By American Press)

Columbus, Aug. 20.—State Auditor Donahue's live stock report for this year shatters the idea, which used to be expressed frequently, that gasoline is putting the horse out of business. There are more horses in Ohio this year than ever before. In the last fifteen years the auto has increased from a few to more than 300,000, and during the same time horses have increased 200,000. Donahue's report is the first based on Ohio's "self-listing" plan of getting tax returns. This system has brought out of hidden corners everywhere more live stock than assessors ever knew existed, according to Donahue.

The number of horses listed in 1917 is 941,319, an increase of 58,903 over 1916. Darke county, as usual, leads in the number of equines, with 21,244.
